In order that we may provide the best possible care, parents of children with Special Educational Needs, who wish to access out of school club, must contact the Principal in the first instance so that we may ensure that we meet their child's needs before they join us.

In some cases children may need 1:1 support. The academy's DfE funding agreement does not allow the academy to supplement childcare costs and so parents may be asked to cover the additional cost of a Personal Support Assistant. Each case will be considered on an individual basis and the academy will do its utmost to support families.
